The Christmas tree and exercises in the town hall Monday evening by the Methodist Sunday school assisted by the Baptist Sunday school and local talent were very fine, the best the public has seen in a long time. The children did well with their singing and recitations. There were piano duets, a trio of violins, male quartet and the rendering of The Search for the Star and The Nativity of Christ, represented by the star and angels, the wise men and the shepherds and Herod on his throne, and Joseph and Mary at the manger, all in beautiful tableaux, and finally the appearance of Santa Claus, who with his assistants unloaded the well-laden tree and distributed the presents. The whole affair was full of interest and enjoyment.

GRAFTON.

First Community Tree.

Grafton's first community tree and exercises in the town hall Saturday evening were a decided success. The cantata, Santa Claus Discovered, was presented, 30 school children taking part as follows: Song by school; recitation, Cary Palmer; song, Raymond Brown; recitation, Eleanor Stowell; song by school; recitation, Florence Kendall; song by school; recitation, Gordon Bell; duet, Beatrice Prouty and Margaret Gilbert; recitation, Cynthia Palmer; song, F. O. Merrifield; duet, Reindeer Chorus, Mr. and Mrs. Santa Claus being represented by Mrs. Clara Treadwell and F. O. Merrifield.
"Krinkle" David Stowell, son of Mr. and Mrs. E. B. Stowell, not quite four months old, took his part very creditably. Although the youngest character that ever appeared on the Grafton stage he was very self-possessed and not at all troubled by stage fright.

After the cantata Santa Claus distributed the presents from the bountiful laden tree, every child in Grafton being remembered. The hall was crowded, many standing. Much credit is due those having the evening in charge, Mrs. T. D. P. Howland, Miss Marie Wilson and Mrs. Libbey. Later in the evening marching was enjoyed.

Injured in Runaway Accident.

Mrs. Minnie Zeller was thrown out of her cutter late last week Tuesday afternoon as she was returning home from the street, and sustained fractures of several ribs and a general shaking up. Mrs. Zeller saw two loaded teams as she approached near the home of J. W. Davis. As the teams monopolized the whole road and made no attempt to get out she stopped and called as loudly as possible. They did not answer but kept coming, therefore she reined out, thinking she could make clear between the loads and the wall, but evidently the farther runner struck a stone, which overturned the cutter, spilling the rider and its contents in the road. The horse went home with the cutter on its side. The teams were owned by Frank Smith.

Mrs. Zeller after recovering her composure started for home, and is now confined to the house with medical attention.

SAVE DAD'S LIFE
GET IT FOR HIM

Says it is suicide to cut corns and tells how they lift right out.

You simply say to the drug store man, "Give me a quarter of an ounce of Freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, can be lifted out with the fingers without pain.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that while Freezone is sticky it dries in a moment, and seems to simply shrivel up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but cut this out and make him try it.

Making Remittances

One of the many useful things that a bank does is to provide for remittances, i. e., payments at a distance. Almost everyone has payments to make which cannot be conveniently made in person, and in which the aid of a bank is necessary. Let us look at the things THE VERMONT NATIONAL can do for you.

In the first place, if you have a checking account here, you can send your personal check almost anywhere. But in a few cities the bank may make a charge to the person who gets the check cashed. So we provide three other ways of making remittances. And all of these are available whether you have an account with us or not.

In the first place, we are always glad to exchange a personal check or cash for one of our cashier's checks. There is no charge for this service.

Then, too, we can give you drafts on Boston or New York banks, usually New York. Since nearly every commercial bank in this country has a New York correspondent bank, they are glad to take these drafts at full face value, and they form the most convenient mode for most remittances.

If the payment is to be made abroad, we are in a position to draw drafts on banks in all parts of the world, and to take full advantage of the money order systems of the European countries. We also sell American Express Co. Travellers' Cheques in denominations of \$10, \$20, \$50, and \$100. These are always at par, provide their own means of identifying the rightful holder, and can be cashed in small towns where any other substitute for money would be looked on with suspicion.

When a better way of remitting money is discovered, we will be the first to take it up. But at the present time, we think we provide as good facilities as a bank can.
